

# MAXIMIZING CHILDHOOD DEVELOPMENT WITH CHIROPRACTIC CARE

*Dr. Coxon performing an adjustment*

In this seminar, you will learn

- The science behind chiropractic and how it relates to the health and development of your child
- How anatomy differs in a child with Down Syndrome and how that is factored into their individual care
- How chiropractic care can improve the lives of children with Down Syndrome
- The safety and effectiveness of gentle chiropractic adjustments
- How you can tell if your child should be checked for spinal misalignment
- Activities and exercises you can begin today to help with your child's development

**WITH CHRISTINA COXON, DC**

**May 18, 2017 6:30pm**

Troy Beaumont Classrooms 3 & 4

44201 Dequindre Rd, Troy, MI 48085

**ORGANIC CARE CHIROPRACTIC**

555 Barclay Cir #140, Rochester Hills, MI 48307
